| Commercial Papers : Total Liabilities  | Nil                     |

6. **Institutional Set up for Liquidity Risk Management:**

The Board of Directors is responsible for establishing and reviewing the ALM & Risk management Policies. Towards this end, the Board has established an ALM Committee (ALCO), which has been delegated authority to manage funds and to match the Assets and the Liabilities in terms of their maturities and interest rate sensitivities so that the risk arising from such mismatches can be contained within the desired limit. Similarly, the Board has also constituted Risk Management Committee (RMC) for the effective supervision, evaluation, monitoring and review of various risks, including liquidity risk, faced by the Company. ALCO and RMC meetings are conducted at a frequency which is warranted from time to time with minimum frequency of once in a quarter. The board will review the minutes of the ALCO & RMC meetings and additional summarized information on a quarterly basis. If necessary the Board will recommend the actions that are in the best interest of the company.
